

ENGINEERING SOFTWARE RESOURCES SUMMARY

Company	Platform	Type	Description
 Newforma	Newforma 6th Edition	Project Management	Project Management Software
 Oracle®	Primavera P6	Project Management	Project Management Software
 IBM	Maximo® Asset Management	Asset Management	Asset Management Software
 Eaton	BidManager	Bid Management	Professional Bid Management Software
 pipeFLOW	Pipeflow	Design & Analysis	Gas Piping Process Calculations
 PTC®	Math CAD	Design & Analysis	Engineering Calculation Software
 TECHNICAL TOOLBOXES	Technical Toolboxes	Design & Analysis	Oil & Gas Infrastructure Analysis & Design Suite
 B ³	B3 Software	Design & Analysis	Gas Piping Process Calculations
 ANSYS	ANSYS Workbench	Design & Analysis	CFD & FE Engineering Simulation Software
 RISA TECHNOLOGIES	RISA Technologies	Design & Analysis	3D Structural Engineering Analysis & Design
 RISA TECHNOLOGIES	RISA Technologies	Design & Analysis	Footing & Pedestal Analysis & Design

Company	Platform	Type	Description
 GL Noble Denton	Stoner SynerGEE	Design & Analysis	Pipeline Management & Network Modeling
 Chemstations™ Chemstations™	ChemCAD	Design & Analysis	Chemical Process Engineering Software
 ETAP	ETAP Toolbox	Design & Analysis	Electrical Power System Design & Analysis
 SKM System Analysis	Power*Tools	Design & Analysis	Electrical Power System Design & Analysis
 Rockwell Automation	CenterONE Software	Motor Control	Motor Control Configuration Software
 MC Miller	Proactive dBase	Integrity Management Database	Pipeline Integrity Database System
 Visual Lighting	Visual Lighting	Design & Analysis	Lighting Design Software
 Kubit	Pointsense Plant	CAD Software	3D Laser Scan Point Cloud Piping Design
 Google	Google Earth Pro	Mapping	Virtual Globe, Map and Geographic Information
 DELORME	Street Atlas USA	Mapping	Mapping Database & Information
 GE Digital Energy	Smallworld A&O™ 4	GIS Software	Network Analysis & Optimization
 Esri	ArcView	GIS Software	GIS Mapping Viewer & Management
 Blue Sky GIS	Lightning Skyline	GIS Software	Alignment Sheet Generation Tool
 Trimble®	GPS Pathfinder® Office	GIS Software	GNSS Postprocessing Tool
Microsoft® Microsoft	MS Visio	General Office Software	Diagramming Software
Microsoft® Microsoft	MS Office	General Office Software	Office Productivity Suite
Microsoft® Microsoft	MS Project	Project Management	Project Management Software
Microsoft® Microsoft	MS SharePoint	Document Management	Document & Content Management System
 StructurePoint CONCRETE SOFTWARE SOLUTIONS	spMats	Design & Analysis	Concrete Foundation Design & Analysis
 Codeware	Codeware Compress	Design & Analysis	Pressure Vessel Design
 WinSim II	WinSim II	Design & Analysis	Pressure Vessel Design

Company		Platform	Type	Description
 EasyPower® Power made easy.	EasyPower	EasyPower Suite	Design & Analysis	Electrical Power System Modeling & Analysis
	AspenTech	WinSim II	Design & Analysis	Cost Estimation
	AspenTech	HYSYS	Engineering Analysis	Gas Process Analysis
	Primatech	PHA Works 5	Design & Analysis	Record PHA Team Analysis
	Square D	Sy/Mate Plus	Lighting Control	PLC Programming
	AutomationDirect	Direct Logic DirectSoft 32	Programming Suite	PLC Programming
	AGI	AGI 32	Design & Analysis	Lighting Calculation and Visualization
	Visual Professional	Visual 2016	Design & Analysis	Lighting Design
	Autodesk	Inventor CFD	Design & Analysis	CFD Simulation Software
	Intergraph	CADWorx P&ID Professional	Design & Analysis	P&ID CAD Software
	Intergraph	Caesar II	Design & Analysis	Pipe Stress Analysis
	Siemens	STFIP 7	Programming Suite	PLC & HMI Programming
	GE	Intelligent Platforms	Programming Suite	PLC & HMI Programming
	Allen Bradley	RS Logix	Programming Suite	PLC & HMI Programming
Fluid Flow Consultants	Fluid Flow Consultants	Nathasha Plus	Engineering Analysis	Fluid Flow Modeling
	Bentley	RAM Suite	Engineering Analysis	Structural Modeling
	Bentley	STAAD Suite	Engineering Analysis	Structural Modeling
	Bentley	AutoPipe	Engineering Analysis	Pipe Stress Analysis

As part of our corporate philosophy to provide the latest technology, we deploy new development resources on a regular basis. Please contact ENTRUST Solutions Group to verify most current support details if you do not see your desired platform.

ENTRUST Solutions Group is a full service engineering and consulting firm with offices across the United States. We have extensive experience in all facets of pipeline and utility-related design and operation. Our team of professionals is well-versed in the latest CAD technologies and can offer a complete array of design services.
